

# SUEID @ Yverdon

# A School of the University of Applied Sciences HES-SO

Engineering & Management School, Yverdon-les-Bains

- The biggest school of the University of Applied Sciences and Arts of Western Switzerland
- One school, four missions:
  - To provide a practice-oriented university-level education to future engineers and managers
  - To provide continuing education to existing engineers and managers
  - To conduct applied research and development and encourage innovation
  - To give our students and staff the opportunities and skills to be able to work anywhere in the world
